

Adopt A Tree Guidelines

Lehigh Township 2026 Christmas Tree Lighting

As part of this year's annual tree lighting, residents and businesses are invited to Adopt-A-Tree which will be placed on display along the track at the Berlinsville Park. Residents or businesses who are interested in participating in adopting a tree are asked to complete a tree registration form.

All trees will be on stands and have a temporary tag with a tree number and your name. The permanent card will be placed on the tree on December 3rd. The trees will be available for decorating November 14th and must be completed by December 3rd so lights can be tested prior to the Annual Tree Lighting which will be held on December 5th. The cost to adopt a 5 to 6 foot tree will be \$55.

The following guidelines must also be adhered to when decorating your tree:

- LED lights must be used when decorating. Please limit the number of LED lights to 500.
- Please attach an 8 to 10 feet outdoor extension cord and label with your name.
****Please start the lights with the male end of the lights at the bottom of the tree.**
- Test your lights prior to placing them on the tree as the electric may not be available when you are decorating.
- No tinsel or similar items that may flow off.
- No glass ornaments. If these get blown off, they can shatter and cause hazardous conditions.
- Please secure all ornaments to help keep them from blowing away in windy conditions. Lehigh Township is not responsible for ornaments that are lost or damaged as a result of weather or vandalism.
- Tree skirts are not permitted.

The trees can start to be undecorated after January 10th. The Township will take care of disposing the tree beginning January 26th. Any lights or ornaments left on the tree will be disposed of as well.

Since this is a new program, the trees will be limited to 30 trees, on a first come first serve basis.
